Top Features

Print everyday business documents and marketing materials as well as wide-format projects at an affordable price—often less than printing at a copy shop. Easily print on different types of paper—plain, premium, and glossy—with adjustable paper trays. The printer supports sizes from 76 x 127 mm to 320 x 457 mm and weights up to 220 g/m². Use the HP Print Cost Estimator—available in the included HP Print View Software—to evaluate and compare the cost of printing internally versus at a copy shop.

The HP Color LaserJet Professional CP5220 Printer series delivers business printing excellence to help you put your business in the best light. Count on consistently high-quality output from page to page and cartridge to cartridge on a range of documents, from everyday prints to specialty output.

The printer's control panel is intuitive and instructive. Networked models are easy to share, and it's a snap to replace and order supplies. Powerful management tools like HP Easy Printer Care Software, HP Universal Print Driver, and HP ToolboxFX help you make the most of your printer's features. Stay up and running with award-winning HP Total Care.

Auto-Off, automatic two-sided printing (CP5225dn model only), and HP Smart Web Printing are just a few of the ways the HP Color LaserJet Professional CP5220 Printer series can help you reduce your environmental impact. Recycling your cartridges is hassle-free with HP Planet Partners.

¹ Exact speed varies depending on the system configuration, software application, driver and document complexity.

² Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs.

³ HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

⁴ Values subject to change. See hp.com/support for current information. Power numbers are the highest values measured using all standard voltages.

⁵ Configuration tested: base model, simplex printing, A4 paper at an average of 20 ppm. Values are subject to change. For current information see hp.com/support.
