

Revolution 16 Cart

Charge, store, secure
and transport up to 16
Chromebooks and Laptops.¹

ECO Safe Charge™ power management system with remote control for safe and efficient charging.

External LED Indicator. Easily and quickly see if your devices are charging and the charging mode selected.

Timed Charging Modes. Easily set your Cart to charge for a specific amount of time.

Flexi power system for adjusting both board angle and sliding it into a preferred position to deal with the variety of different device power bricks on the market.

Safe and secure. The stainless steel locking bar together with the hardened steel padlock will ensure your devices are locked and secured.

Numbered slots. Comes with stickers for labelling each slot for better device management.

Lifetime Warranty. We know that schools can be tough on equipment which is why PC Locs products are built to last with a lifetime warranty.²

It just makes life easier.

The Revolution 16 Cart is the perfect solution for managing multiple banks of Laptops or Chromebooks. Designed with the teacher in mind, the Revolution 16 Cart features an open design to enable passive ventilation, as well as allowing for quick and easy visual checks by teachers.

Smarter, safer and more efficient charging. With the ECO Safe Charge power management system, you can charge up to 16 devices simultaneously. The included remote means you can turn the Cart on or off from anywhere in the classroom.

Timed charging modes. Easily set your Cart to charge for a specific amount of time. The ECO Safe Charge will allow you to charge all devices for 1 or 3 hours before it automatically switches off. It can also cycle charge groups of devices for 1 or 3 hours at a time.

Specifications:
